## Featured ISV Solution: New Ways to Handle Reporting & Budgeting

Are you looking for alternative to tools for reporting and budgeting? Is getting information out of Dynamics GP (DGP) more difficult than you'd like? Do you tell yourself, "There's got to be an easier way to report on my DGP database and get my budget figures into the system"?

Well, you're right, there is an easier way. XL Reporter is an Excel-based reporting and budgeting tool that offers:

- Drag and Drop user interface
- A built-in report generation and distribution system
- A scalable and flexible financial report writer
- "live" reporting on all modules in Dynamics GP
- Fully formatted reports directly generated into Excel

Building reports and handling your budgeting process has never been easier!

Witness the power and ease of use yourself! Schedule a "live" web demo for your team or Download the free Webex player ([click here](#)) and then watch a Recorded Demo:

- ([Click Here](#)) for a reporting demo. (need to download the webex player first)
- ([Click Here](#)) for a budgeting demo. (need to download the webex player first)
- ([Click Here](#)) view unique reports created by XL Reporter.

**Special AIM Promotion, expires 10/31/2008**

**- 15% off all XL Reporter users and modules**

## Are you using Microsoft Small Business Financials?

Small Business Financials is being discontinued. Mainstream Support and Tax and regulatory updates for Microsoft Small Business Financials 9.0 will retire after January 11, 2011.

While the change is not immediate, you may want to consider taking advantage of the promotion that is available this year.

**Step Up To Microsoft Dynamics GP License Offers existing SBF customers up to a 90% discount** on user licenses and select A La Carte functionality for up to 10 users in the first purchase of Microsoft Dynamics GP. This promotion is available until end of business day Friday June 26, 2009. (Conditions apply. Contact your account manager for more details.)
